

2019 MHSA Regional Jumper Finals

Once again, BEST Horse Shows has been chosen to host the MHSA Regional Jumper Finals, to be held at the Sunday August 18th horse show.

The "third" class in both MHSA Jumper division Finals will be by invitation only. MHSA will send an invitation via e-mail to all of those that have qualified. Approximately the top 20 horses in the Open Jumper (2'6") Division and the Child / Adult Jumper (3') Division will be invited. If you believe your horse has qualified, and you do not receive an invitation, please contact MHSA immediately at: secretary@mdhsa.org. Riders will be given seven days to accept their invitation. If invitations are not accepted within seven days, additional horses will be invited.

To be eligible, a horse/pony and rider must have shown in at least two MHSA Regional Horse Shows between the qualifying period of December 1, 2018 and August 4, 2019 and earned points in the MHSA jumper division in which they wish to enter at the MHSA jumper Finals. The same horse/pony and rider combination that competes at any of the Fall indoor shows such as the Penn National, Washington International (except Local Hunters) or The National Horse Show, is not eligible to compete in the MHSA Regional Jumper Finals.

Ribbons will be awarded from MHSA to eight places for each MHSA jumper class, plus Division Champion and Reserve Champion. The MHSA Regional Jumper Final will be double pointed for each class, with points counting toward year end standings. For BEST Series Standings, classes 373 and 374 will not count toward Year End Awards, and the other classes will receive single points, as at all other BEST Horse Shows.

Classes for the MHSA Regional Jumper Finals will be as follows:

361 MHSA Open Jumper Final (2'6") - Time First Jump Off (Table II, Sec. 2.b)

BEST Jumper Challenges

The BEST Jumper Challenge is a new program designed to recognize, incentivize and reward BEST jumper riders and their mounts at all levels. Entries will be awarded points for earning ribbons in all BEST Jumper classes, except the 18" Division, during the first seven 2019 BEST Horse Show Series weekends. Over the competition season, points earned by horses in all qualifying divisions will accumulate to become eligible for the BEST Low Jumper Challenge (2' through 2'6") or the BEST High Jumper Challenge (2'9" through 4') to be held at the August 18th BEST Horse Show. After the August 6th BEST horse Show, 20 jumper horses, based on accumulated points, will be invited to enter either the BEST Low Jumper Challenge or the BEST High Jumper Challenge on August 17th. The number of entries that qualify for either Jumper Challenge will be based on the total number of entries in the 2' through 2'6" divisions and the 2'9" - 3'3" divisions at the qualifying shows. We expect there will be a larger number of horses qualifying for the Low Jumper Challenge than the High Jumper Challenge, but the ratio will be based on total entries during the first seven show weekends. The more shows you enter, the greater your chance becomes for qualifying for either of the BEST Jumper Challenges. There is no additional cost to qualify for the Jumper Challenges. This is a bonus to reward those who frequent the BEST Horse Shows jumper classes!

The BEST Low Jumper Challenge will take place on the Saturday, August 17th horse show after the MHSA 2'6" Open Jumper and OTTB 2'6" Jumper Divisions are completed. The BEST High Jumper Challenge will be run after the 3'3" Jumper Division. Both Jumper Challenges will be a single Timed First Round (Table II, Sec 1) class. The Champion in both Jumper Challenges will earn a special award from Jamie's Jumps to be awarded at the BEST Horse Shows Year-End Banquet. There will also be a monetary prize of at least \$500 for both Jumper Challenges to be awarded as follows:

1st Place, 50% 2nd Place, 25% 3rd place, 15% 4th Place, 10%

The total purse for either Jumper Challenge will be determined by the total number of entries in the qualifying divisions for the first seven show weekends. BEST Horse Shows will start the purse at \$200 for each Jumper Challenge and add \$1 for every class entered at the respective qualifying heights for the first seven show weekends. Based on 2018 entries, that would bring the purse for the Low Jumper Challenge to approximately \$1150 and the purse for the High Jumper Challenge to approximately \$600. Remember, the greater the number of classes entered for the first seven show weekends, the greater the purses for the BEST Jumper Challenges!

328 BEST Low Jumper Challenge (By invitation only at the August 18th show!)
329 BEST High Jumper Challenge (By invitation only at the August 18th show!)

All BEST division championships at each show, and BEST Series division championships will be determined using this point system. In MHSA Divisions, it is possible that MHSA will award a different Champion or Reserve than what is announced at BEST due to MHSA using a different method to calculate points.

Ties for Championships and Reserves

In the Hunter Divisions, the Championship will be awarded to the animal with the highest number of points in the Over Fences Classes. If a tie still exists, then dual Championships will be awarded. In all other Divisions, BEST Horse Shows will designate one class as the tie-breaker class. Normally this will be the final class in a two or three class division.

Black-Eyed Susan Series Awards

In order to be considered for **BEST Horse Show Series Year-End Awards**, both the rider and horse must be registered members of Black-Eyed Susan (BEST) Horse Show Series, and earn points in a division at a minimum of two horse shows. Points earned at all BEST Horse Shows, LLC Spring and Summer horse shows, including the BEST Indoor Summer Classic, will count toward year end awards!

Jumper Class Definitions

Table II, Sec. 1 Time First Round - The first round is decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. Horses with clean rounds or equal faults are classified according to their time taken to complete the course.

Table II, Sec.2.b. Time First Jump-Off - The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed, if any. If a competitor has gone clean in the first round, he/she will, without leaving the ring, upon an audible signal, commence the designated jump-off course. In the event of equality of faults after the first round, there will be one jump-off for first place only in which time will decide in the event of equality of points.

Table II, Sec.2.c. Power and Speed - The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed, if any. If a competitor has gone clean in the first round, he/she will, without leaving the ring, upon crossing the finish line, commence the designated jump-off course. Time starts as the horse crosses the finish line for the initial course. If a competitor has not gone clean in the first round, upon an audible signal, he/she will leave the ring. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. The use of time allowed is optional in the first round.

Table IV Sec.2.b. Time First Jump-Off Optimum Time - Rules are the same as in Table II.2.b Time First Jump-Off class, with one exception. An "Optimum Time" (defined as 4 seconds less than the Time Allowed for the course) will be posted on the course plan; the horse with the time on course closest to the Optimum Time (over or under) will prevail in a tie.

Table IV Sec.2.c. Power and Speed Optimum Time - Rules are the same as in Table II.2.c Power and Speed class, with one exception. An "Optimum Time" (defined as 4 seconds less than the Time Allowed for the course) will be posted on the course plan for the jump-off; the horse with the time on course closest to the Optimum Time (over or under) will prevail in a tie.

Restrictions may include, but are not limited to, fence heights, gaits, and age or skill of rider. Horses and riders showing illegally in restrictive divisions and classes forfeit all points awarded for the year, up to and including the infraction. It is the responsibility of the owner or exhibitor to make sure that horses are not showing illegally. Riders and owners may choose to leave the restricted class or division and move up to the next level. Those choosing to do so must declare their intent in writing in the Horse Show Office. Riders and horses who move up out of the restricted divisions or classes will be allowed to retain their points, but will not be allowed to return to the restricted divisions or classes. Exceptions are with youth and adult beginners who move ahead.

Adds/Scratches

There is no charge for classes added or scratched. Once a class begins, it may not be scratched. A horse scratched from a show prior to the start of the first class entered, will forfeit office fees for the show.

Health Requirements

The Horse Show Office will not keep on file any Coggins that will expire prior to August 18th. **Please bring a copy of your current negative Coggins for the Horse Show Office to keep on file.**

Schooling Etiquette and Standard Rules and Practices

As BEST Horse Shows has grown, the schooling areas have become more crowded and chaotic. Here are a few pointers for trainers and riders alike to help keep schooling your horses safer.

1. Always pass horses coming toward you so that your horse's left shoulder and their left shoulders are on the same side, what is known as "left shoulder to left shoulder."
2. To pass horses going in the same direction, always do so on the side facing the inside of the ring. Never pass by riding between horses and the rail.
3. Horses heading toward a jump have the right-of-way, meaning you need to stay out of their way. To do this, you need to be aware of what others are doing and stay on the rail instead of, for instance, circling in front of or behind the jumps.
5. A red ribbon in a horse's tail means "this horse kicks," so stay back.
6. If a horse has a red ribbon attached to his browband, it means he has an issue with another horse coming toward him. Be sure to give him plenty of room.
7. Horses and riders who are preparing for a class have priority over riders trying horses for sale or having lessons.
8. A landing rail or placing pole is a rail laid parallel to the jump, placed before or after the jump to shorten or lengthen a horse's takeoff or landing stride. A guide rail is a pole laid perpendicular to the jump to correct a crooked approach to or departure from the jump. If either is set on the approach to a jump, it may be no closer than 8-foot-2inches.
9. A landing rail must be set at least 9-foot-10 inches past the jump. This includes guide rails, as a horse could land on them and seriously injure himself.
10. If you set landing rails or guide rails, please put them back when you are finished schooling so the jump is ready for the next horse and rider.
11. Be respectful of other trainers and riders, and share the limited schooling space!

Measurement Cards

Owners of all ponies must possess a valid measurement card or a copy of a valid measurement form to be presented to the Show Secretary. Numbers will not be issued before this requirement has been met. Measurements can be done at each show prior to the start of the first class. Please notify the Horse Show Office if you need to have a pony measured. If you are planning to show in any MHSA rated Pony Divisions, your pony must be measured by the MHSA Steward and Judge at one of the BEST Shows, and entered to compete at that show. BEST Horse Shows will use that measurement for any other pony divisions. If you are planning to show only in BEST Pony Divisions, you do not need to provide a pony measurement card, unless the proof of pony size eligibility is challenged.

Ring Holds / Delay of Classes

In order to keep ring holds to a minimum, show management reserves the right to impose a timed gate call for any entry that is not ready to perform. Once a "Gate Call" has been issued, an entry will be given three minutes to appear at the in gate, or the class will move on without them.

English Pleasure Class Descriptions

Martingales are not permitted in any pleasure class

Under Saddle (U/S) - To be shown both ways of the ring on a reasonably loose rein at designated gaits. To be judged on performance, manners, way of going, and suitability of horse or pony to rider. Extreme speed to be penalized.

Park Mount Class - To be shown at a walk, trot, extended trot or similar gait, and canter both ways of the ring. To be judged as to pleasurable handling and riding characteristics with emphasis on manners and gait. To back readily and stand quietly. May be asked to move on at the canter. No more than eight horses or ponies, if available, will be asked to extend the canter at one time. Riders may be asked to dismount.

Over Fences (O/F) - To be judged on willingness and natural ability with emphasis on manners over a course of fences at designated heights. Extreme speed to be penalized.

Go-As-You-Please - To be shown both ways of the ring at the walk, trot and "Go-As-You-Please" gait. Each rider can choose to trot or canter during the "Go-As-You-Please" command, whichever gait best shows off their mount's pleasurable qualities. No penalty will be assessed for choosing to trot instead of canter.

Combo - After the flat portion of this "Go-As-You-Please" class, the riders will line up on the rail at a designated spot chosen by the judge, and will then, one at a time trot or canter two cross rail fences, and then halt at the back of the line.

English Equitation Class Descriptions

Under Saddle (U/S) - Judged on ability, rider position (hands and seat), control of mount, and suitability of mount to rider. Judged both ways of the ring at designated gaits (walk, trot, canter). Riders may be asked to perform other movements at the discretion of the judge.

Over Fences (O/F) - To be judged on position of the rider, hands, seat, guidance, and control of the mount over a course of 8 hunter fences at designated heights.

Disciplined Rail Class - To be judged on the overall disciplined rail performance and manners. The class routine shall be to perform work on the rail, and may include, but is not limited to: extension or collection at the walk, trot or canter, simple lead changes, square halt, starting into canter from a halt, etc.

Hunter Class Descriptions

Over Fences (O/F) - to be shown over approximately eight hunter type fences at the required height. Judged on even hunting pace, manners, and jumping style, together with faults and way of going over the course.
